Proposed Well Diameter 2" _____ 4" _____ 8" _____ 12" _____ Proposed Depth _____

Drilling Company _____

The design must be prepared by a licensed well driller and must include the following:

- 1) The building that will utilize the well and all other structures.
- 2) Location of the proposed well.
- 3) Distances from the proposed well to the following:
 - a. Nearest structure
 - b. ALL Property lines
 - c. Property's septic **system** (And adjunct property systems, unless over 50 feet. If over 50 Ft that should be stated on the design)
 - d. Bodies of water
 - e. Any other setback as required in Marshall County Ordinance 2017-12.
- 4) Any existing wells to be abandoned.
- 5) Any neighboring wells that could be impacted by proposed well.
- 6) Designs will not be considered until the application and fee are on file with this department.

For well Maintenance, Please explain the proposed well repair and list the replacement pump (s).
